TWO years ago we published a sensational book about flying saucers, "THE SKY PEOPLE", which proved a big seller and was acclaimed all over the world.. In this brilliant new work, the author presents the startling theme that the course of history has been changed abruptly, from time to time, by certain unusual men who have appeared suddenly on the scene.

WHO WERE THESE UNUSUAL MEN ?.

There is much in this unique book to make you think. Most people like to roll over and have better dreams. Are you one of the majority or do you like to think for yourself.?

This scholarly work is in a class by itself. It directs new and hitherto unpublished knowledge and light on the coming of the Sky ships. It is one of the most remarkable books ever published and we predict an even greater success for it than that achieved by the still steadily selling best seller. "THE SKY PEOPLE".

1962.

One never comes to the end of a year without ascertain amount of stock taking of events. and from the Ausralian picture one can look back on a year full of incidents which have taught many lessons.

From the UfO.point of view the year has been moderately quiet until the last four months when there began a steady but sure build up of sightings one after the other . the early part of the year probably gave us the most spectacular in the Meeka tharra sighting of the whole flight of craft observed by a number of reliable witnesses. Queensland and New Guinea also gave a few outstanding sightings. but these though more spectacular in observation were few compared to the large number of sightings occurring later . A steady build up seemed to begin about August and has continued as far as West Aust and South Aust. reports are concerned. W. regret that the great lack of co-operation from the Eastern states to exchange information . AND we are entirely dependant upon such paper clippings as come our way for this data. from real and valuable friends in those states.

From an organisational point of view the picture has not been exactly rosy. The resignation of the Editor from the Presidency and directorship of the Australian Flying Saucer Society naturally made a great effect on that society. as it meant a whole reorganisation of its executives. It appears however that they are now beginning to get over the initial shake up and have settled down to a steady work of investigation. The coming of Mr. Eric. Livingstone from overseas . a previous member of L.U.F.O.R.O. and his acceptance of the position of Secretary has made a great effect for good and with his energy and enthusiasm the society should indeed find in him a great worker .

The work of the Editor has increased in service to all groups. and having found that many wanted a study magazine of UFO and interallied subjects he decided to make a test of producing a magzine especially for such needs. He began Panorama . the companion magazine to the ASR. and its reception all over the world has proved that it is filling amuch wanted need. It however needs to be built up from personal subscriptions to assure its continuance. but these are steadily increasing and the very

ENCOURAGING COMMENTS OF APPRECIATION FROM EVERYWHERE HAS GIVEN HIM THE IMPETUS TO CARRY ON He wishes here to thank all the readers and subscribers and those who so willingly have sent in material from time to time. without such ~~he~~ could not have accomplished so much.

One thing however has arisen out of the years work and that is the necessity of selecting another name for his organisational work and business of publishing the magazines as there still remains a lot of confusion as to the Society and the Editor. Hence he has decided to adopt a new name to cover the work of publishing the magazines. and the services to ALL GROUPS everywhere ~~he~~ call on him .

This in no way means he is starting another society, that is furthest from his mind. but that to make a clear distinction of his work from the work of the AFSRS as a private investigator he finds it necessary to have a label as much as he detests such. This new name is one he has coined and which he feels fits his aims and work very well. From now on he will style his investigation and service work in its varied form as U.F.O.P.I.A. UNIDENTIFIED FLYING OBJECTS PHENOMENA INVESTIGATION AUSTRALIA. There is no membership as it is NOT a society, He calls in from time to time various friends and associates who he knows are well fitted to handle the various certain things which arise in that investigation. He will co-operate with anyone in his work providing they do not expect him to .sacrifice his personal liberty and right of freedom of choice and speech. and THINKING . He is most willing to give that privilege in return .

He does not desire anyone to feel he is in OPPOSITION to them or any group. but rather that he has now as it were a " trade name" for his activities to distinguish him from others and thus save a lot of confusion and more, a great deal of duplicated effort .

He is out to hurt no one. and hopes that no one is out to hurt him.

This being the approach of the Festive Season for the Christian countries. He wishes to express his good will to ALL MEN and the fervent Hope that PEACE ON EARTH shall soon be established . for this end he strives. For THIS HOPE he endures. that men shall turn to God and Find in HIM the answer to ALL their personal mutual. and international problems.

Brevard. North Carolina .U.S.A.

TO THE EDITORS OF SIX CONTINENTS.

GREETINGS AND SALUTATIONS.

Oct. 18. 1962.

The space men term their coming to earth. OPERATION DELIVERANCE.  
Their objective is to deliver the planet earth from exploding into fragments  
and to deliver those inhabitants of the earth who put into practice the  
TEACHINGS OF JESUS AND ARE, therefor , of the upper echelons of moral and  
spiritual performance.

On Sept. 16. 1961,... about one year ago.. the first three ships of those  
elect who had finished their work took off from the planet earth.  
These elect boarded the space ships in a quiet lonely place at about 11.30  
A.M. , one -thirty in the morning , unobserved by anyone not concerned with the  
operation . In my humble opinion , the final and last of the lift ups of  
this resue work of the space ships is dramtically given in a prophetic  
vision experienced by Mr Fred Jones. ( one of the Editor's earliest associated )  
and publisehd in " AUSTRALIAN SAUCER RECORD "? Vol. 8. No.1. edited by Fred P.  
Stone , 22 Northcote St. Kilburn ..S.A. Price 2/- or 25 cents.

Here is the prophetic vision : " A few years ago, while living in a suburb of  
ADELAIDE. . I dreamed my wife and I were in a garden overlooking a valley  
and hills. Along the horizon , a fierce fire was raging. We watched other  
fires coming from under the earth.burning everything on top.

" A strange planet ( designated as the comet RAGNORAK by American prophets)  
was approaching the earth slowly, but surely , People were running about  
in terror, and I could hear what they shouted to each other. As I spoke  
to my wife about this being the end of everything, thousands of strange craft  
appeared in the sky: SWOOPING DOWN TO PICK THE PEOPLE UP.taking them to a  
much larger craft, hanging motionless in the sky .

" Later we moved to Bradbury, a small dairying district outside Adelaide  
Going into the garden to enjoy the view as a respite from unpacking. I  
was amazed to realize that this place was identical with the one in my  
dream .

(Ed. Note . I can verify the whole of the above . as Mr Jones came to me to  
relate this dream long before he moved to Bradbury. and described to me the  
whole place , even the actual houses and types. and area. some of which were  
not erected when he first moved to this area. but are now built and stand-  
ing as a witness to his dream in detail. Also his views on Flying Saucers  
at this first relating of the dream were very vague and certainly his  
knowledge of the craft. Mother ship etc. was almost nil. it was because of  
his concern he came to me to ask me for some interpretation . I have seen  
and stayed at this actual place and can verify every word of his account.)

" . he says , " I could recognise the neighbours voices as they called to  
their cows. Yes everything and everyone here is here according to my dream."

## Remarkable Letter Cont. 2.

I have open before me a book of the space messages recieved by the UNIVERSARIUM FOUNDATION during the year 1959. I want to quote one paragraph from a four page communication from a space Being named AL=SE=ONTIS. Working from the higher etheric counterpart of Saturn .

" May we say, that all those who have the spark of the CHRIST LIGHT in them shall vibrate and register to our instruments of perception and our thought vibrations. . They will be taken , because they are all expressing the LIGHT . But is too bad to know of the people who will not be delivered because they have not that LIGHT or power , of connection to be delivered. They must go through this ILLUSION -- not DEATH -- but this ILLUSION. before they can awaken unto the CHRIST LIGHT? It is too bad that they must express or experience this, because it is so simple to know that you can express and be delivered from all from within. Those who are in dangerous zones who are of the Light will be delivered and taken, transported unto safety until all destruction is over and all chaos is alleviated. Then -- during the rehabilitation of this earth -- we will assign some of you who are now here back to earth to clean up the mess, so to speak . ( The Editor would like to add here. that the above procedure was exactly as was revealed to him at a spiritual retreat which he made with a few others at the very place of the dream mentioned above. at an Easter time quite a few yeras ago. the purpose was to know and to be able to answer the question posed by so many at that time and which he felt so inadequate to answer. for he felt like so many servants of old " Who am I that I shall speak for the Lord ?. 2 and " what shall I say unto this people ? ". The all pervading query was. " How shall we delivered Oh Lord God "? . The answer came after three days of meditation . and also following some remarkable natural phenomenon which occurred in the sun that Easter as he journeyed to this place the dimensions of which he had never witnessed before. Personally he took it as a sign . maybe he was presumptuous. but child like faith never doubt that God will answer the earnest seeker for wisdom and knowledge. The Three -fold answer to the problem. was / I. That MANY people who were aware of the Christ Power and expecting Him. to deliver HIS PEOPLE . would be taken up in aerial chariots. ( Flying Saucers ) away from the earth worst troubled zones. 2. Many however would be guided away from danger zones BEFORE the danger occured ( viz Lot etc ) This would be done by, in some cases unexpcted desires or calls to go to another place. un unusual urge to leave or visit someone else. in some cases this would be done quite unconsciously . by those to be saved. except a knowledge within that they HAD TO DO IT. That there WERE certain SAFE ZONES which had been prepared by God. for such people. Ceratin countries however would be extremely dangerous. others not so much. but that NO COUNTRY WOULD TOTALLY ESCAPE some form of devastation. but those least affected would have areas which would be SAFE. At a later period he was instructed ceratin preparatory things for these folk of the Second/ phase.

Remarkable Letter Cont. 3.

3. Phase. Certain PREPARED INDIVIDUALS would be left in certain Danger zones or near to. such. to assist and help those who were there. The actual work these few folk had to do was not clear. but it was made very plain that the ones so selected would be totally unharmed or capable of being in any way harmed. because around them would be a SHIELD OF WHITE LIGHT into which no harmful element could penetrate. they were made completely invulnerable. to ANY EFFECT of radiation or any other form of destruction . Who these were to be was not clear . but they were few in number .

Compare this revelation with the above description which was not known at that time to the Editor. later he received these writings and was naturally ~~happy~~ to see recorded almost a detailed confirmation of his own revelation. Yet not so amazing as the WORD says His will shall be confirmed in the mouth of two or three witnesses. )

To continue....

In Math. 24. 40, we read: " Then shall two be in the field; the one shall be taken , and the other left. Two women shall be grinding at the mill; the one shall be taken and the other left." According to the book " INTO THIS WORLD AND OUT AGAIN" , dictated to Geo Van Tassel by two space Men named ABON and BOR, this means taken up in the space ships .

Concerning the registering of their "instruments of perception" of the thought of the inhabitants of this world I had this experience: I was writing a letter in defence of ASHTAR. leader of the twenty million space men from Venus. The Master Koot Hoomi lah Singh, had spoken about ASHTAR before doing sufficient research on all the phases of his mission to the earth at this time . In my letter to the recorder of the message, I was disagreeing with the statements made. Halfway through my letter, I was stopped by a space man . They do not want any arguments or disagreements between the people of earth in their behalf. They wish to disseminate peace, harmony. love and fellowship among earth's inhabitants. The fact that their instruments perceived that I was writing a letter about ASHTAR and their ability to get a messenger to me to stop the letter before I had gotten a half page written , illustrates the efficiency of their performance.

In a previous letter , I stated that the axis of the earth would careen over sideways, The North Pole passing on down to where the South pole now is, and the South Pole coming up to the position where the North Pole. thereby causing the waters of the oceans to come farther inland than any flood in the memory of man . A subscriber to " PANORAMA " a companion publication to the AUSTRALIAN SAUCER RECORD ", disagrees with me, and quotes the Bible. 9th Chap. Gen. " And GOD spake unto Noah , and to his sons saying... I will establish my covenant with you. neither shall all flesh be cut off any more by the waters of a flood ; neither shall there be anymore a flood to destroy the earth " The Editor then quotes a passage from his unpublished book. " THE MESSAGE OF THE SAUCERS " . which leads me to believe that he has received valuable instruction from the other side very similar to that recorded by the American Prophets about a great cloud canopy in the

Remarkable Letter Cont. 4.

in the firmament above which existed in Antediluvian times. This great cloud canopy prevented the actinic rays of the sun shining directly on the inhabitants of the earth, and thus permitted them to live to be many hundreds of years old; "And all the days of Methuselah were 969 years. Noah was 600 years old when the flood came. The DELUGE, itself, was caused by this cloud canopy condensing into raindrops and falling to earth. after which the inhabitants of the earth got their first glimpse of the sun.

the moon and the stars.  
(Ed. Note. The whole procedure of this and the confirming evidence is outlined in the yet unpublished book mentioned above)

It is reported that the DELUGE took place one hundred fifty thousand (150,000) years ago in the past.

We cannot prove that this time given is accurate, but it must have happened a very long time ago for the earth to have been repopulated from the few persons and animals who survived the flood. All during these thousands of years, this account of the exact words of what God said to Noah was handed down from father to son, we are led to believe, It is highly improbable, in my opinion, that the words are precisely those spoken to Noah, as some persons are not capable of repeating an account exactly as they heard it. What I object to in the account is that it makes out the FATHER GOD to be unfair and unjust, in that He punished the great wickedness of Noah's time with a flood, but would not punish the people in a similar manner if they repeated again the behaviourism of Noah's day and age. Recently there has been recorded a message from the Saviour saying that the FATHER is always just and fair. According to Math. 23. 37, this wickedness of Noah's day is, indeed, being repeated in this day and age we are living in. which will see the SECOND COMING OF THE LORD JESUS. "but as the days of Noah were, so shall the coming of the Son of Man be. For as the days that were before the flood, they were eating and drinking, marrying and giving in marriage, until the day that Noah entered into the ark, and knew not until the flood came, and took them all away; so shall also the coming of the Son of Man be" The Christian theologians read this as though there would be no similarity between the two ages as to the flood, but that is not what Jesus said, according to my interpretation, It is a cosmic law that when the thought emanations of the people are evil, it produces a terrific force that brings catastrophe. The immorality of Noah's day and age brought on the catastrophe of the great flood; the immorality of this day and age will bring another great flood: Speaking of why Atlantis sank beneath the sea, a modern prophet records this: "They think great tidal waves happen by chance. they see in storms only the byplay of elements causing destruction by nature's whim and accident. They do not recall the time when a vast continent sank beneath the waves because those upon it had disported themselves evilly, even as there are those upon the earth-planet disporting themselves in a similar vein anew."

People all over the world are having prophetic visions about the coming flood. "I get a bushel of mail a day about that flood" says one prophet

Remarkable Letter Cont. 5.

who edits a magazine of world-wide circulation . Isaiah declares that the world will be turned up side down . The so called Barbara- Scientific Foundation . " has put out quite a bit of literature about the earth's axis tilting sideways and causing great floods. A doctor in Italy ordered a car load of boats for his followers to use when the flood came .

The Navasupai Indians in Arizona say that the animals are seeking higher ground, which means that a great flood is coming. Some college boys on vacation in Old Mexico , invited an old Indian woman , treading along a lonely road, to get into their car and ride into town . . She told them that a great flood was coming. When they stopped the car at the next town to let her out from the back seat where she had been seated. IT WAS EMPTY. She seemed to have dematerialised, for they had not slowed down enough for her to have climbed out, nor had they heard the car door slammed shut.

Mrs Ethel P. Hill mailed to me a magazine called WHITE STAR ILLUMINATOR ". P.O. Box 307 Star Route Joshua Tree. Cal. USA . which published a communication from a space man named RAMA DES'KA of ASHTAR COMMAND CENRE. Rama Des'Ka says, " therefor to avert any kind of catastrophe ( for cataclysm can not be averted ) the rental atmosphere surrounding Mother Earth would have to be brought into harmonic balance. This would mean that every thinking entity upon the face of the earth would have to be brought into harmonic balance . Now it is essential that the poles change earth is hovering on the edge of this right now . It can slip in with ease or fall in. Like a man sitting on a fence , he can fall off , or climb off... Man's use wrongfully of the creative forces has resulted in HELL FIRE AND BRIMSTONE. which is nothing more than the atomic explosion and radioactive ash ..

This is going to push man off the fence with violence. There is apt to be a sudden flip of the poles. AND THIS WILL BRING ON A MORE VIOLENT CATAclysm than if it came about through natural process.

Howard Mulford of Hampton Hall, Cranford. N.J. , says that the water of the flood will come farther inland than any flood in the memory of man.

The SAVIOUR JESUS CHRIST? in one of " MY MESSENGER SCRIPTS ", recorded in England, says that this civilization will be knocked down and that the debris will be washed away by a great flood. Upon the plane thus washed clean will spring up flowers of joy, good cheer, hope, and happiness.

Of course this old order must be swept away for the bright , new, golden of the Millenium to blossom forth. Saint Mark is in carnation now; he is a young scientist and has achieved some modicum of fame; his name is in " WHO IS WHO " and "WHO IS WHO IN AMERICAN SCIENCE ". He is the gifted medium who took down the messages appearing on the varied- coloured manuscripts I sent to some of you. which was dictated by the BROTHERHOOD OF THE SEVEN RAYS . Whose membership includes St. John the Divine. St Philip. St. Stephen. and the first of these documents is from the great SANAT KUMARA of Venus. He says, that the elements will rebel, causing great tidal waves and great winds: Millions shall perish, yea millions. They shall be reborn anew on other worlds appropriate to their level of progression. Because of the remnant that must remain. the earth is purified and raised to a new vibration.

RAMA DAS KA ? says, " Catastrophe can be averted by Christ-like thinking and will be averted for those who think Christ-like. RIGHT THINKING man does

Remarkable Letter cont 6.

not experience catastrophe . though involved in cataclysm. We know by pure reason alone , that which abides in the mental atmosphere of an individual is his experience. If he thinks confusion, then it is his experience. The earth being and Entity, has for its mental atmosphere the collective mental atmosphere of the Beings that dwell upon it. Daily participation in the WORLD WIDE DIVINE LOVE RADIATION SERVICE. according to the pink sheet I recently mailed to you, and constant prayer as you go about your work, and constructive Mantra, affirmations or decrees. repeated regularly , will raise you own vibration to a higher level and help to save your locality or section of the country from suffering disaster . It will act as a protective armour about you. The space men say they are capable of changing the path or direction of a bullet that is fired and of causing it to strike a different target from the one at which it is aimed at .

Here is a good affirmation taken from the book of 1959 space ,essages. of UNIVERSARIUM .

" Shall we in unison say together. I AM that great LIFE. LIGHT AND LOVE OF CHRIST. LIFE. LIFE. LIFE. LIGHT. expressing GOD. GOD .GOD. LOVE. LOVE. LOVE PURITY. PURITY. PURITY. UNDERSTANDING. UNDERSTANDING. UNDERSTANDING. For I AM THAT I AM. ever expressing LOVE WISDOM POWER. The above pink Love Radiation leaflets can be procured from the Editor. entirely free. just order how many you want .

\*\*\*\*\*

The Editor. may not wholly agree with the entire views expressed above but substantially he is in accord with the letter generally. According to Revelations made to him the main cause of the coming catastrophe is not only caused by things happening on earth. but also by the movement of the earth into a new orbit or the coming near to earth or our system of another sun or planet . ( See Dina Kraspedons book ) This was all revealed to him generally in 1954 and has been written up in the unpublished book he must however strongly assert that at no time were any of these revelations given in a trance state. of which he does not altogether concur. but at all times he has been in a complete control of his faculties. and resents being termed a MEDIUM in the sense of that used by spiritualists. The reference to the Indians and the animals. has been confirmed in a recent meeting before he read this article. some weeks back. in which we were advised of the likeness of our days to that of Noah. and that the animals then did not have to be herded to the ARK. they went there by natural instinct. the same as they will today. therefore we were advised that if we would know the SAFE PLACES. WATCH THE ANIMAL AND BIRD KINGDOMS . THEY KNOW WHERE POOR BLIND MAN DOES NOT. ANY LARGE MIGRATORY MOVEMENT AWAY FROM NATURAL HABITATS CAN BE TAKEN AS AN INDICATION THAT THAT PLACE IS NOT SAFE. THIS DOES NOT MEAN THE ORDINARY MIGRATION OF BIRDS ETC. BUT THE UNUSUAL FACT OF SUCH. Already some are being found in places where they have never been before. leaving behind some usual haunts of existence to that of a new home. " Even a sparrow does not fall to the ground, but your FATHER knoweth ". One thing which the Editor also would like to point out . Despite the great animosity shown by George Adamski. for what he calls the psychic groups. some of whom the Editor himself does not altogether appreciate. already

Adamski is making statements and predictions which have been stated by the psychic groups which he abhors. and these have been given out for a number of years. long before he claimed trip to Saturn this year. for the very instructions he was supposed to have received there have already been stated on earth for some time by the despised ones. ( Is it not always so ) The Editor predicts that many more things will be said by him G.A. which will confirm these things. Watch for his new programme Spiritual PUSH . I predict that G.A. will confirm many things already which have been said. It is not puzzling to know why G.A. is so much against these folk. when one gives a thought to the psychology of the man and the great adulation he has received. He has made himself an authority, and as such resents ANY others who may claim to be that also. especially if it crosses his own ideas. Now however he is using the same terms etc. that those he despises have. Herein is a great lesson for us all. DO NOT PUT YOUR FAITH IN ANY MAN AS AN INFALLIBLE GUIDE. GOD ALONE IS THAT . NO MAN OR GROUP HAVE ALL THE ANSWERS . THE TRUTH WILL BE FOUND IN THE WHEAT SIFTED FROM THE CHAFF. AND IT CAN BE FOUND IN THE MOST UNUSUAL PLACES. Hence the reason why so many miss it. because they seek to find it only in the channels which THEY INSIST ARE THE CORRECT ONES. Remember the Pearl of GREAT PRICE was found among the muck . Perhaps you do not like to soil your hands or your mental fingers by probing in the darkness or the unlikely place . or the unconventional channels. but if you would find the TRUTH and the WAY to PROTECTION FREEDOM AND DELIVERANCE from that which is to come. ASK GOD TO GUIDE YOU. For if any man lack WISDOM shall God deny it him IF HE ASKS. ?.

In regard to the remarks of Miss Ware re the Judgement of God being just and fair. This is undeniably so. What Miss Ware seems to overlook is that in fact God does not punish us . WE PUNISH OURSELVES. it is an unalterable Cosmic Law This Jesus stated very clearly. " As we sow. we must reap " The other factor is that this unalterable law does not necessarily have to follow the same pattern to bring about the justness of it. NO one has the right to dictate what METHOD the Law, or God, will take to bring about the Retribution. As in Noah's day it was a flood. The Bible speaks of a future Judgement of Fire. Hence the Judgement meted out for such an age could be far worse than that of the flood. for water does not entirely destroy. but Fire completely disintegrates. and we know only too well in our day just what " atomic fire " can do . Further the Editor stated in his book that the ring around the earth of gaseous matter forming ice etc was the last of a number . which came to be disintegrated by some outer force. and fell to the earth. causing the flood. ( Read Velikowski's book which the Editor later read and found they confirmed his own evaluation . hence any flood which MAY occur will not be caused by the same means. I.e. The method does not have to be the same. A tilt of the earth IS already registered. a flood if it does come will not be by the falling to the earth as before of a disintegrated gaseous ring. but by the upsetting of the poles. but. the Editor suggests that fire and earthquake are more likely to ravage the earth in this coming judgment. but will be accompanied by flooding of certain and various areas. Now above all this the prime thing which has been entirely forgotten in speaking of the justness and fairness of God or the Cosmic Law. and that is the total. overlooked and most important of all God's attributes. " ALAMAR'S FORECAST FOR 1963 "

=====

1963 A.D.

This should bring many heathle charges in world affairs, some good and some very disturbing .

The corruption that has ravaged this troubled globe for the past 25 years has reached a point where the laws of cause and effect must begin to take their toll.

Perhaps one of the most significant events will be the beginning of a rebellion in Communist China, and the U.S.S.R. It will be the beginning of the end of apower which has sought to disrupt World Peace and set itself above the Amighty . The Anti-Christ cannot endure and msut destroy itself by virtue of its own evil .

The above forecast concerns political intrigues, but waht is in store for Humanity in general ? . Vice and corruption , selfishness and greed , a withdrawing from the Holy Spirit, must also bow to the laws of cause and effect , and unto all who have erred I say , you cannot expect to escape the consequences of your evil doing anymore than can the corrupted leaders of World Powers. Flood, pestilence and earthquake shall manifest in many parts of the Earth, and this shall serve as a warning that mankind must turn from that which is negative,non productive and base to the positive forces of Light.

There will be violence and armed conflict in Western and Eastern Germany but these manifestations will be signs of the end for those who hold the Lord's Name in mockery. There will also be violent outbreaks within C against the ruling power.

This is my forecast for 1963. May God be with you all in your hours of trial, and welcome you into the New Golden Age of Peace. Prosperity and World Harmony .

YOUNG. P.M.G. TECHNICIAN SIGHTS STAR-LIKE  
OBJECT

On the same morning as the " saucer like object" was reported ( See page 14 ) a young P.M.G. Technician observed at about 3.30. a.m. a star-like object in the sky. he said it was at first stationary. then moved from West to East in a zig-zag motion. , it was much brighter than an ordinary star and had a halo around it although cloud effects were not responsible for this. He also confessed to a very strange emotional feeling of inward joy as he observed it. He said he belived that life existed in other parts of the Universe. He was adamant that it was not an ordinary known oboect. A companion also witnessed it with him. ( Credit. Colin Norris. )

DIVINE LOVE AND MERCY. AND THE REDEMTIVE POWER OF THE REDEEMER .

For far back into history. in all races. and religions this thread of Cosmic TRUTH pervades. from darkness comes Light . out of chaos. comes order. the overruling MERCY of God is GREATER than His Justice.

perhaps no more beautifully expressed than in those lovely words of Wesley

For the Love is God is broader  
Than the measure of Man's mind  
And the heart of the Eternal  
Is most wonderfully kind.

There's a Wideness in His MERCY  
Wider than the deepest sea.

There's a kindness in His JUSTICE  
Which is more than liberty .

Over and above all this chaotic condition of sad earth at present. is the overshadowing wings of God's great Eternal LOVE. Everything is working to a plan. all is Law and Order . in that plan. but it must never be overlooked that " A way of escape " is EVER near to those who ASK for that MERCY. so that whilst looking around us and seeing the foreboding times and conditions. " men's hearts FAILING them for FEAR for things which come on the earth ". we must if we have our minds centred right. 'the point within a circle' <sup>not</sup> give way to the FEAR. but have Faith Hope and TRUST. and take the remedy which is told us ; in the words that follow that statement. " LOOK UP FOR YOUR REDEMPTION DRAWETH NIGH " No one can boast of perfection. or sinlessness. and we may well cast ourselves on that MERCY and LOVE. no matter if we be the weakest of His children. knowing well that " Abruised reed HE WILL NOT BREAK. or a smoking flax HE WILL NOT QUENCH ". such is the extent of that Justice and FAIRNESS. OVER SHADOWED BY THE DIVINE LOVE. "

The message of the Saucers is that of Hope not Dread. if we only TRY to absorb that LOVE so Freely made possible by the Redeemer.

In all the foreboding forecasts, let us not forget to stress this , lest we do injustice to Him is ALL JUSTICE.

AN OPEN LETTER FROM " ALAMAR ".

TO THE EDITOR AND READERS OF THE AUSTRALIAN SAUCER  
RECORD AND " PANORAMA ".

\*\*\*\*\*

Dear Friends,

I send you love and greetings who ever you may be, where ever you are. I also beg your forbearance if some considerable delay is experienced in receiving replies to letters addressed to me, or in receiving copies of my little book. " The Teachings of Alamar "

Due to high costs in air mailing packages and letters from this country, I find myself obliged to despatch most of my mail per surface facilities, naturally due to the geographical position of my country, surface mails are somewhat slow and often delayed.

Perhaps it would prove more satisfactory if orders for the book were addressed to either the following.

Dr. C.H. Yeang. 88 China St. Penang Malaya.

Cathay Printers 83 Bishop St. Penang Malaya.

Theosophical Bookshop. 68 Great Russell St . London W.C. 1. England.

or from the Editor. Mr Fred Stone 22 Northcote St Kilburn S. Aust .

My personal mail has reached colossal proportions, and I have endeavoured in the past to answer each letter personally. unfortunately the natural restrictions of a human body have limited me to a major extent .as I have no typewriter, and strange as it may seem very little money, as most of the books allotted to me by the publishers have been given away free of charge. and what money I have received from sales , has been ploughed back into the Meta Thought Centre, to assist in it's development, and most of the mailing costs have been met from my own small personal pocket allowance which I receive once a fortnight from wages.

As I am a married man and have to support my wife and four children, with other welfare commitments , and my allowance is very limited and have to be met from my own pocket. you will realise the difficulties which beset me in my attempt to keep all this going .

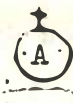

These are the reasons why I beg you one and all to be patient with me At this time of writing I am engaged in preparations to tape record Christmas entertainment and personal messages from relatives to members of our New Zealand Armed Forces serving in Foreign lands , this will take eight weeks of my time and a great deal of my financial resources.

Please be patient with me, I love and bless you all and thank you for your interest in my works . Perhaps someday the good Father will send me the means to not only extend my work, but to visit you and your great country .

My Love and blessings also to dear Brother Fred Stone. who has been a wonderful friend and who has enabled me to reach so many of you through his excellent journals.

God Bless You All.

 \* THE TWO WAY APPROACH TO THE FLYING SAUCER \*  
 \* BY PeTem . \*  
 \*\*\*\*\*

From " ORBIT " England. May June July 1962.

There are two ways of approaching a thing or a phenomena, either by reason of Logic ( which includes Mathematics ) or by collusion , which by the present day standards is used to gain Press notoriety in an attempt to mislead the public. not that they are ever misled, but there are incredulous people everywhere. The logical approach and mathematically is as follows.

A. To measure that which is near at hand , in order to determine that which is far off.

B. To observe that which is far off, in order to determine that which is near.

It will be seen from the above statements, that man cannot measure the work beltsof this world . therefor, he has been provided with a means in which to determine the work belts of the sun in order to comprehend his own world. To the true seeker of truth, these sections require no elaborations as he is not bound with the cabletow of limitation . nor guilty of uncurbed emotions or even destructive actions. therefor, in this light , the following will already have been vaguely realised, but the interpretation is yet to come.

Here is a quotation voiced by APH. over 24,000 years ago- quote.

" And the areial gleets surrounded the earth with, the exception of two and the contient of +++g+ was carried away and submerged". This is the first intimation ever , of or about anything concerning pehnomena.

" Now NEPH, was given instructions to return to the earth which was viewed from afar, and they returned, the ships of fire forming a line down tp hada, the crews taking their places according to the rank of wisdom, power and love manifested in the etherean departemts from whence they came with the tw at either extremity . And the division line into sections , each with 250 ships being one quarter the force required to break the crust of the earth and sink a continent .

" And I formed the tube of transit , which extended in front of the ships, and filled it with the earth's atmosphere to the extreme , in order to deliver the drujas and fetals of such as w-reto perish in the ocean of the earth . " It will be seen from this statement, 24,000 years approx-

imately before the Solar Phalanx was due in the arc of Noe, that space intelligence was extremely well organised. One very curious thing about these space ships was their names: e.g. Guatama , Shem , Abiff, Jaffeth, Yista, CHIRAM , and Ham . giving some indication of the possible regions where they landed . yet , no indication from whence they came but rirpointing the actual material used in the construction of the vehicle. In all, there were four fleets, each of ten sections, having twelve navigators to raise the four points of thecompass. It will be seen from the above ; i.e. , the material used in construction of these space phenomenon. that the UFO-ologist must exercise his ingenuity in order to find the answer to the origin of the word " atomic" because all the metals concerned are, precisely the same now as then . the crux of the

## TWO WAY APPROACH CONT.

PROBLEM BEING "state of mind" over that of "matter". While still in this era of 24,000 years ago, I would place before you, for your perusal, the following remarks made at that particular time by APH. to wit, "And the plateaux of the sphere started from its foundations and slowly moved back and outward on the word of power". "I have the Great Architect's Plan laid out in the form of maps and charts having lifted both points of the compass from under the square". Now after the flood and during the second cycle, many curious things took place which, man of today tries to answer by material construction.

Now after the plateaux of the sphere had completed its triangular motion, the commander raised forth his hands and waved them, and the mighty ships turned on its axis, entering the vortex of the earth slowly at 50,000 miles a day so that there should be witnesses to the coming power. And the Druks were separated and fell. Thus it was brought about that M Nista provided an airavagna resolving to come as Commander-in-Chief. And the great vessel landed and anchored fast within the waves of vibration a witness for all to see.

I have previously stated that the UFO-ologist must exercise his ingenuity if he really wants a true answer to the Flying Saucer, therefore the following remark made between 24,000 to 34,000 years ago, should provide a clue :- In the likeness of the solid earth, the stars, and moon, that float in the unseen firmament, so were made atomic parts to all things and they were made to float in the ether. If this description is also coupled with the following, then the UFO-ologist will at least have some idea in which direction he is proceeding: The photosphere is flat to the North and South, but oval East and West, the openings being flat on the side, with passages through. Framework being of crystalline, and opaque, and transparent. Bearing in mind, that when the great ship turned on its axis, it was rising and turning, higher and higher, and in a little while only and ascending star was seen, and then it disappeared in the distance. Going further back into Antiquity we have the following statement from the Osirian Records: At this stage, Osiris departed with his ship and steered southward towards the land of SHEM. And his ship returned after a space of thirty days labour in destroying the false from a distance, then, proceeded further earthwards to form a sure foundation. And again the ship was halted for a day of time and the lights were lowered, and the ship then moved forward to the rolling earth, till it reached Haraiti where the Inspectors and Surveyors carried out certain work.

Then the ship was raised a little, and started for the West, running low over the regions lying West of Ham, Shem, and Japheth. Now when the ocean (in all probability the Atlantic) was approaching, the ship was raised still higher until the circumference of the earth was completed Westward. Now in order to test the capabilities of the mortals and their kingdoms, the ship was now set on a zigzagged course, and conditions taken of the forests, plains, and also minerals, and again the ship stayed within the vibration of the waves. Within the space of time, when the

THE TWO WAY APPROACH Cont. 3.

Oteyan approached the great ship, it opened at the front end, at this place the Otevan entered within the walls and was made fast thereafter descending. And the Arrow-ship sped onward in a direct line being propelled by constant emissions from the hull, the which expenditure being manufactured by the crew and commanders, skilled in the wielding of the elements. +++ An Otevan can be compared as a small boat to a large liner.

Many UFO-ologists believe they have seen certain elements, yet, not one has made mention of the following: The crescent ship. the arrow ship, used by swift-messengers, the Beyanfloat with the Ballast Flags, the fire-ship. the ship called the winged Otevan. the Piedmazer ship, the Airiata, etc.

All this knowledge will be available in whatever library you possess but. I will leave this thought with you: What one is not accustomed to, he usually calls a miracle; after a time it becomes a natural law. Has man yet found anything which comprehends the first cause of anything under the sun? Is it not wiser for man to labour to raise his fellow-men out of misery and darkness, than to gratify his own desire for personal knowledge of great learning.

ADAPTED FROM THE SAME MAGAZINE. from an article by Harry Lord.

"During the second world War an astonishing conglomeration of rocks were discovered by a French Officer, Capt. Grenan in the Sahara, They are known as the Sefara rocks. After the war Pro. Henri. Lhote explored these rocks and discovered many previously unknown works of ancient art. The rocks were covered with drawings which, to the uninitiated in art, would appear to be primitive rock paintings made by some early cave-man. Pro. Lhote believes that these drawings were made by tribes which dwelt in the Sahara from the sixth to the eighth century B.C. He has given all the drawings of that period the general heading of the 'brachycephalic,' or 'round-headed period', because all the two legged and upright creatures in these drawings, creatures resembling people. are depicted in broad round helmets. One drawing 19 ft. high shows a man in what appears to be a space suit and helmet. Another shows three creatures with round helmets topped with a grid-like structures reminiscent of directional antennae. Who drew these pictures? If Prof. Lhote is correct in his suggestion, the people of earth at that time sketched portraits of the visitors onto the rock walls as well as the animals of Earth. Is there another possibility? I think so. (next page)

My interpretation is that they have been made by artists who were at a similar stage in the evolution of art to our own during the last fifty years . The drawings are of rare artistic power. They have a certain abstract quality which seems to be consciously imposed. The economically drawn figures are very expressive and suggest to me advanced knowledge of the progress of art rather than a primitive intuitiveness.

I suggest therefor that artists from another world made these drawings at a time when they were making their first space voyages, and that the primitive on the world they visited presented communication difficulties . What simple way to tell your story than in pictures under such conditions ? Use the basic language- diagrams : Many of the drawings overlap each other as though the demonstrator, having given his first lecture was not bothered about wiping the board clean and simply drew over the old one.

There are examples of the use of art by space people to be found in other parts of the world, such as the strange markings extending for several miles over the plateau of Nasks, in the Andes, etc. A study of these and many other bits and pieces of " things " is slowly building up the past history of the visitors to Earth. What of the future, are we to make communication with them again ?.....

\*\*\*\*\*

The above article deals with means of communication in the past with mankind by space people , and suggests that art was one of these forms, a subject which Mr Lord is very interested in . We publish below some drawings from caves in Australia. and Rock Carvings. of our own Aboriginal folk. compare them with the above descriptions given of the Sahara drawings. and also those given in other writings of Cave drawings of past races. The one thing which is identical is the height of the creatures and the similarity of the head wear etc. Editor.

" NEWS " 29/10/ 62.

STORIES OF A POSSIBLE 'INVASION' FROM OUTER SPACE WERE SPREADING THROUGH AREAS ON YORKE PENINSULA TODAY .

This was the result of a report to the police, that a dull red light ' similar to a flying saucer ' had been seen ten miles inland from Pine Point early this morning.

Mr. Neil Mc Cubbin , 21, crane operator of William St Beverley, was on his way to a job at Stansbury about 2.45 a.m.

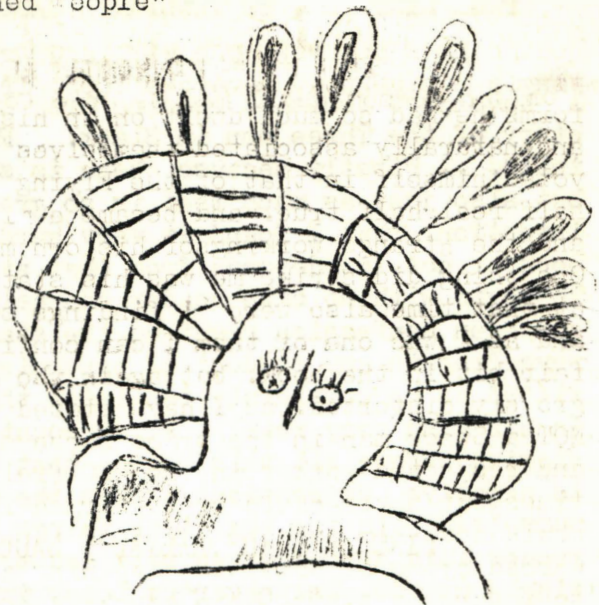

After Leaving Ardrossan, Mr. Mc Cubbin sighted the light 10 miles inland from Pine Point .

He told police it was similar to a flying saucer and seemed to be swinging like a pendulum .

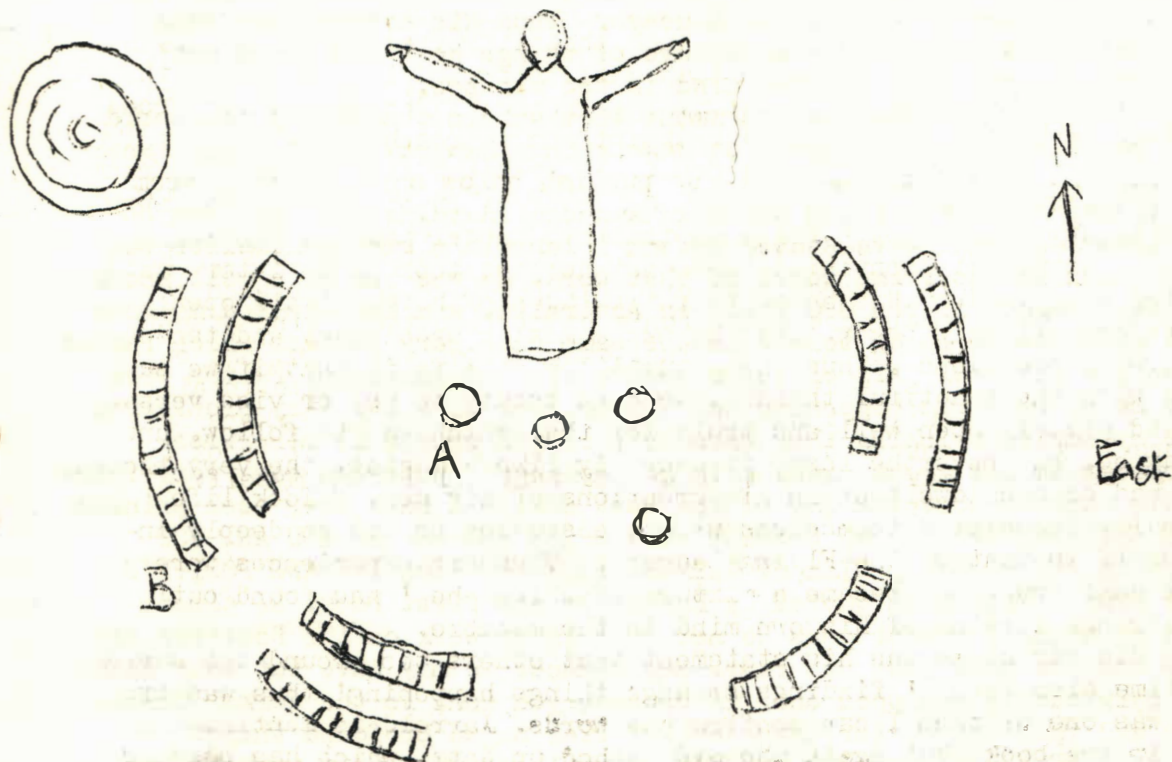

Snr. Const . George Smith of Ardrossan is today making a thorough check of Pine Point residents to see if there were any more sightings. The Adelaide Bureau of Meteorology stated no Met. balloons had been released before 3.am.

" BOOK REVIEW.. THE BENDER STORY .  
.....

I have just finished reading Gray Barker's publication of Albert Bender's story of the Three men in Black. Frankly I am not surprised at what it tells. .. Firstly because there is so much that it reveals which is truth but also just as much that is so grossly misleading, and I feel that with intention. that I found it very hard to say whether I considered it a good book or not. it depends from what standpoint one approaches it. To begin with no sane reader can help but observe that Bender makes a frank and open confession right at the start for an overfondness for the macabre revealing to any student of psychology that his mental make up was well fitted to be completely convinced that what he says took place later was in his mind very real. His account of the 'den of horrors' all openly showing before all this began. that he was a most unusual man. and tended to negative expressions. thus the natural law of life is that if we surround ourselves with the beautiful things, we draw beauty to us. or vice versa. Bender laid himself open well and truly for that which was to follow. unwittingly may be. but nevertheless. irrevocably like a magnet. the very thought forms he had so much dwelt on in his creations of his den. " Took life " and naturally associated themselves with the studies he had so deeply involved himself in that of the Flying Saucers. Thus his experiences were half real half true. and became a mixture of things he ' had found out ' and the strange workings of his own mind in the macabre.

One thing did strike me was his statement that others too around the world at that time also were ' findings strange things happening ' thus was true and as I was one of them I can confirm his words. Jarrold is mentioned a fair bit in the book. but again the old hashed up data. which has been so grossly distorted. as I have stated before ' Jarrold's strange visitor was NOT a Space man in the prime sense of that word. He was and is a well known and respected worker in the UFO field in Australia. and has visited me many times but never could he be termed in the same category as that which Barker would have him painted. All of these people visited including Fulton were warned by me of what was happening and HOW to deal with it. they preferred to ignore my advice thinking they knew better Time proved it otherwise. Barker however to his great credit. in his epilogue. puts the case very fairly and this chapter contains one of the best advice I have ever seen printed THERE ARE REAL DANGERS IN THE CONTACT WITH SPACE PEOPLE. IF YOU ARE NOT WELL ARMED ON THE POSITIVE SIDE OF THINGS. THEY ARE NEGATIVE AND POSITIVE FORCES AT WORK . This I am quoted by Barker in his first book. he almost ridiculed me then. I wonder does he now. But if we work on the Positive side of LIGHT. then we need have no fear. experiences we may have but they CANNOT HARM the spiritually equipped one. if however you tend to the darker forces as Bender did then you better watch out. Barker says a profound thing.

" SUCH CANNOT STAND UP AGAINST PRAYERS " I believe that many workers have had nasty experiences in the research efforts. few have however been game " Tell all " and have remained silent. Don't be misled the Flying Saucers ARE STILL VERY MUCH WITH US. and the final chapters of the drama are only N. beginning to be played on the stage of the world's greatest time in all its history. Read the book, but make two or three readings of Barker's Epilogue There's more TRUTH in those few pages than in all the rest of the book. I only hope someday I may be able to tour and tell all I know myself.

## FORECASTS FOR 1963, AND THOSE TO FOLLOW.

As I have for the past number of years made many forecasts from public platform and in my writings, of events which I consider would be likely to occur in the coming years, and those which would be signposts pointing to others which would be the outcome of crucial points in the year. I have decided to put into print for the many now who have asked for this, to avoid a lot of personal letter writing answering the same things.

Here is my general overall picture of 1963 as I see it, with a reminder that it is possible some of them may be a little sooner or later than that actually given, because if not occurring in 1963 they will lead up to it in the few years following. events will occur which will leave no doubt in the mind which way international affairs are moving and show these moves to be as that which has been stated.

However one must NEVER overlook the power of PRAYER of those who fight for LIGHT in all realms of the Physical, Mental, and Spiritual. MAN UNITED WITH GOD CAN CHANGE THE WHOLE COURSE OF HISTORY.

1963, will I believe be one of the worlds most critical from the point of International unrest. At this point of writing Nov. 1962, the eyes of the world have been focussed on the Cuban crisis, and the U.S. stand against, the Red power calling the bluff of Khrushchev, at present (the 10th) it appears that it will die down, but we must not be too easily led. Remember one of the oldest strategies of warfare is to make a diversion of attack, to draw the attention of the enemy AWAY from the REAL danger point of intention. Hence whilst keeping an eye open on the Cuban crisis, WATCH OUT FOR THE INDO CHINA WAR. WATCH MAO

IT IS NOT KHRUSHCHEV WHO WILL PUT THE MATCH TO THE FLAME. (here I would state that the LEADER of the Nations mentioned need not necessarily be those named here, it will be either Mao and Khrushchev, in the roles below of THEIR SUCCESSORS. I have stated this over and over again for a number of years, from platform and magazine, that it is the Leader of China (Red) who will cause the holocaust to begin. I said 18 months ago he would make a thrust into India, on its borders THE NEXT STEP WILL BE THE MIDDLE EAST OR NEAR TO IT. This could be a little way ahead yet, but when it begins it will move fast and furious. It is this move which will cause Khrushchev, to panic lest Mao should take the field and thus push Russia back into the rear of leadership. This will cause the Russian forces to really go to town and start the whole thing blazing. RUSSIA WILL NOT START THE WAR BY DESIRE, but will be forced to do so or lose face to Mao and the world. This she could not afford to do, and hence the circumstances will compel her to go against their own good common sense, and reason, for she knows only too well just what will happen, but the attack will be made, because she will have no other alternative.

The attack will probably take the form of pincer movements. One down to the middle east and the other across the Alaskan coast line down to the USA. In the meantime her allies from without and within will harrass us, probably for Australia from the Indonesian area, or even Malaya, and keep us from assisting, we will be too busy this time looking after ourselves.

However one must NEVER overlook the power of PRAYER of those who fight for LIGHT in all realms of the Physical, Mental, and Spiritual. MAN UNITED WITH GOD CAN CHANGE THE WHOLE COURSE OF HISTORY.

These are the main events of 1963 and certainly if a little premature in forecast will be full of incidents which will point out that this is the way things are going. for they will come to a head not later than early 1965. however I feel they will be sooner than that because of an impetus. of forces which are in great FEAR. The enemy of ALL PEACEFUL EFFORTS .

Watch the E.C.M this is a huge political combination to strangle the Commonwealth of British and English Speaking nations. ( The USA is included in that for the purposes of this forecast )

" My new book "MEN AMONG MANKIND." is due to appear next month. "

It traces what happened after the fall of Atlantis and the rebirth of civilisation on this planet, and the part played by the Sky People.

It also highlights the glorious past of the British peoples and how it was erased. and how Britain throughout history has always been under some special guidance .
